Seller shall begin OR began construction of Project on or about _____. "Completion Date" is the Date on which Seller Delivers Notice to Buyer that Project is substantially completed.

- A. **Settlement:** Seller and Buyer will perform in accordance with the terms of this Contract ("Settlement") on a mutually agreed date no later than fifteen (15) Days after Completion Date ("Settlement Date"). Buyer selects _____ ("Settlement Agent") to conduct the Settlement. Buyer agrees to contact the Settlement Agent within 10 Days after the Date of Ratification to place a title order.
- B. Buyer acknowledges that delays caused by events beyond Seller's control such as work stoppages, weather, unavailability of labor and materials, acts of God, delays of municipal approvals and permits, and other unanticipated events are not included in calculating above time estimates. Such delays do not constitute Seller Default and Seller shall not be liable to Buyer for any damages whatsoever by reason of such delays.
- C. If at Seller's sole discretion, items such as landscaping, exterior concrete, driveways, final grading, sod or seeding, and exterior painting cannot be completed by reason of weather conditions, Seller shall still have the right to Deliver Notice of Completion Date. Seller agrees that such uncompleted items shall be completed in the reasonable course of business as weather conditions permit. Buyer agrees to cooperate and shall give Seller and Seller's agents and contractors' adequate access to Property to enable them to complete such work. Buyer acknowledges that Seller is not responsible for lawn care and Seller's obligation to complete seeding or sodding shall be deemed satisfied once the installation of those materials has been completed.
- D. Notwithstanding the foregoing, if for any reason the Project is not substantially completed within 365 Days from the Date of Ratification, the Buyer in Buyer's sole discretion, may Deliver Notice at any time thereafter that Contract is Void. If Seller, in Seller's sole discretion, determines Project cannot be substantially completed within 365 Days from the Date of Ratification, due to matters beyond Seller's control as described in this paragraph, Seller shall have the right to declare this Contract null and void.

SELLER RIGHT TO MAKE CHANGES: Seller reserves the right to make such changes or substitutions in construction, materials and equipment, and to revise any plans, as Seller deems necessary due to the unavailability of certain materials or equipment, peculiar engineering, construction and/or permit inspection requirements, or topography of the premises. Any changes and/or substitutions made shall be in substantial conformance with the Project. Seller shall obtain Buyer's written approval for substitution of design finishes or materials (such as hardware, countertops, flooring, doors, specialized siding, and all windows) which are substantially similar in quality, duration, warranty, and appearance to any unavailable design finishes or materials specified in the plans for the Project, which approval shall not be unreasonably withheld, conditioned, or delayed by Buyer.

The location of driveways, walkways and patios, grading, planting and landscaping, including the disposition of existing trees and the control of waterflow, the inclusion or exclusion of retaining walls, septic fields, and other site details are subject to change at the absolute discretion of the Seller depending upon site or job conditions encountered and/or permit requirements.

7. **STANDARD SELECTIONS AND OPTION EXTRAS:** Buyer may select options and/or upgrades for the Project, provided, however, that:
- A. Option selections and allowances must be submitted in writing and delivered within 3 Days from the Date Seller provides Notice to Buyer to select said options. Seller shall give Buyer Notice of costs of Buyer's selected options/upgrades as soon as practicable. Buyer shall have 5 Business Days after receipt of cost information to advise Seller in writing as to options desired. Buyer and Seller shall negotiate a mutually acceptable written addendum detailing the choice and cost of the options/upgrades ("Options Addendum"). Seller and Buyer may mutually agree to extend any timeframe needed to ratify the Options Addendum, however in the event Buyer does not make selections within the required timeframe, Seller reserves the right to complete Project using Seller's standard selections.
 - B. Buyer shall Deliver to Escrow Agent \$ _____ OR **One Hundred** percent (100 %) of the cost of any agreed upon options/upgrades by certified funds within 3 Business Days of Ratification of any Options Addendum. This payment and any future payments for options ("Options Payments") are nonrefundable. The balance of such costs shall be due and payable at Settlement. The Escrow Agent shall be authorized, when requested to do so in writing by Seller, to release any Options Payments to Seller. The parties may mutually agree to increase Sales Price to incorporate the actual cost of any Options Addendum. In such case, the monies advanced to Seller prior to Settlement shall be credited to Buyer at Settlement.
 - C. Buyer is not permitted to select any standard option if Project has proceeded beyond the stage where the option is available in the normal course of Seller's standard construction practices.
 - D. Once Buyer has selected options and/or made decorating and color selections, no further alterations, changes, or additions shall be made in the Project, unless approved by Seller in writing and a nonrefundable change order fee of \$ 20% is paid by Buyer.

Except as otherwise provided by law, or as agreed to herein, Seller makes no warranty as to items not of Seller's manufacture, including, but not limited to any water heater, refrigerator, range, dishwasher and other appliances, equipment or "consumer products", as defined by the Federal Trade Commission; Seller agrees to provide Buyer the manufacturers' warranties, if any, without recourse.

Understanding Whom Real Estate Agents Represent

THIS NOTICE IS NOT A CONTRACT

In this form "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease"

Agents Who Represent the Seller

Seller's Agent: A seller's agent works for the real estate company that lists and markets the property for the sellers and exclusively represents the sellers. A Seller's agent may assist the buyer in purchasing the property, but his or her duty of loyalty is only to the sellers.

Subagent: A Subagent means a licensed real estate broker, licensed associate real estate broker, or licensed real estate salesperson who is not affiliated with or acting as the listing real estate broker for a property, is not a buyer's agent, has an agency relationship with the seller, and assists a prospective buyer in the acquisition of real estate for sale in a non-agency capacity. The subagent works for a real estate company different from the company for which the seller's agent works. The subagent can assist a buyer in purchasing a property, but his or her duty of loyalty is only to the seller.

If you are viewing a property and you have not signed a Brokerage Agreement, that agent represents the seller

Agents Who Represent the Buyer

Buyer's Agent: A buyer may enter into a written contract with a real estate broker which provides that the broker will represent the buyer in locating a property to buy. The agent from that broker's company is then known as the buyer's agent. The buyer's agent assists the buyer in evaluating properties and preparing offers and developing negotiation strategies and works in the best interest of the buyer. The agent's fee is paid according to the written agreement between the broker and the buyer. If you as a buyer wish to have an agent represent you, you must enter into a written buyer agency agreement.

Dual Agents

The possibility of **dual agency** arises when the buyer's agent and the seller's agent both work for the same real estate company, and the buyer is interested in property listed by that company. The real estate broker or the broker's designee, is called the "dual agent." Dual agents do not act exclusively in the interests of either the seller or buyer, and therefore cannot give undivided loyalty to either party. There may be a conflict of interest because the interests of the seller and buyer may be different or adverse.

If both seller and buyer agree to dual agency by signing a Consent For Dual Agency form, the "dual agent" (the broker or the broker's designee) shall assign one agent to represent the seller (the seller's "intra-company agent") and another agent to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategies.

If either party does not agree to dual agency, the real estate company must withdraw the brokerage agreement for that particular property with either the buyer or seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by an agent from another real estate broker/company. If the brokerage agreement is terminated, the buyer may choose to enter into a written buyer brokerage agreement with a different broker/company. Alternatively, the buyer may choose not to be represented but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company.

No matter what type of agent you choose to work with, you have the following rights and responsibilities in selling or buying property:

>Real estate agents are obligated by law to treat all parties to a real estate transaction honestly and fairly. They must exercise reasonable care and diligence and maintain the confidentiality of clients. They must not discriminate in the offering of properties; they must promptly present each written offer or counteroffer to the other party; and they must answer questions truthfully.

>Real estate agents must disclose all material facts that they know or should know relating to a property. An agent's duty to maintain confidentiality does not apply to the disclosure of material facts about a property.

>All agreements with real estate brokers and agents must be in writing and explain the duties and obligations of both the broker and the agent. The agreement must explain how the broker and agent will be paid and any fee-sharing agreements with other brokers.

>You have the responsibility to protect your own interests. **You should carefully read all agreements** to make sure they accurately reflect your understanding. A real estate licensee is qualified to advise you on real estate matters only. If you need legal or tax advice, it is your responsibility to consult a licensed attorney or accountant.

Any complaints about a real estate licensee may be filed with the Real Estate Commission at 500 North Calvert Street, Baltimore, MD 21202. (410) 230-6205

Consent for Dual Agency

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

Important Considerations Before Making a Decision About Dual Agency

A broker or broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the buyer has previously signed Consent for Dual Agency, the buyer must **affirm** the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the seller has previously signed Consent for Dual Agency, the seller must **affirm** the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

1. **Consent in writing to dual agency.** If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
2. **Refuse to consent to dual agency.** If either party refuses to consent in writing to dual agency, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller terminates the brokerage agreement, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer terminates the brokerage agreement, the buyer may choose not to be represented but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written buyer agency agreement with a different broker/company.

Duties of a Dual Agent and Intra-Company Agent

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

- 1) Anything the client asks to be kept confidential; *
- 2) That the seller would accept a lower price or other terms;
- 3) That the buyer would accept a higher price or other terms;
- 4) The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or
- 5) Anything that relates to the negotiating strategy of a party.

*** Dual agents and intra-company agents must disclose material facts about a property to all parties.**

How Dual Agents Are Paid

Only the broker receives compensation on the sale of a property listed by that broker.

If a financial bonus is offered to an agent who sells property that is listed with his/her broker, this fact must be disclosed in writing to both the buyer and seller.

Consent for Dual Agency

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency and that if I **refuse** to consent, there will not be a dual agency; and that I may withdraw the consent at any time upon notice to the dual agent. I hereby **consent** to have

Sample – final delivered at settlement

Issued to _____ (Purchasers), of Lot 8, Block 3 of the subdivision known as Columbia Forest improved by premises known as

4312 Rosedale Avenue Bethesda, MD 20814

This is to certify that Douglas Construction Group, LLC, 8429 Fox Run, Potomac, MD 20854 (Builder) does hereby issue this Limited Warranty in connection with the construction of the house (Dwelling) on the above mentioned property and the same is accepted by the Purchaser, subject to the conditions herein set forth, this Limited Warranty being in addition to any other rights and privileges which the Purchaser may have under the warranties of the various manufacturers, equipment suppliers and subcontractors who have performed services in connection of the Dwelling and any rights under the State of Maryland and/or Montgomery County New Home Warranty Law.

I. BUILDER HEREBY WARRANTS:

- (a) That it will correct any major defects which significantly affect the load-bearing functions of the Dwelling due to faulty construction and/or defective materials, excluding normal wear and tear, brought to its attention in writing during the period (Warranty Period) of five years from the date of possession or transfer or record title, whichever occurs first except as otherwise stated herein. It does not assume responsibility for any secondary damage (damage done to personal property or any other material or construction not originally installed by the Builder) caused by the defect and nothing herein contained shall be determined to make the Builder an insurer of the personal property of the Purchaser. No action taken, or omission of the Builder to correct defects shall act to extend the warranty period beyond the initial term of five years. This certificate is applicable only to the matters warranted herein and only if notice of those defects is received by the Builder in writing before the end of the Warranty Period. This warranty is issued to the original Purchaser only and is not transferrable without the written consent of the Builder.
- (b) The Roof and roof flashing are to be free from leaks for the warranty Period of One Year and will so maintain the roof except where such defects are caused by acts or circumstances beyond its control. This Limited Warranty is void in the event of the buyer or his agents utilize the roof for any activity or attach superstructure or appliances thereto.
- (c) The Plumbing System is to be in proper working order and free from

defective workmanship and materials for the Warranty Period of Two Years. Failures caused by negligence of the Purchaser or his agents to keep foreign materials out of the systems are excluded from this Limited Warranty. Failure of the Purchaser to maintain or drain sillcocks or cut off valves which causes damage to the plumbing system are not the responsibility of the Builder and are excluded from this Limited Warranty. Where applicable, well and septic systems are not included as part of this Limited Warranty, except for the defects in construction and installation of these systems, where Builder has built and installed them. Builder is relieved from all liability from any damage caused by acts of God (e.g., change in water tables).

- (d) The Heating System, in original finished room areas, has been installed in accordance with good heating practices and has been designed in accordance with standard heat-loss factors to maintain an average 70 degrees Fahrenheit temperature inside with an equivalent wind chill temperature of 0 degrees Fahrenheit outside. This two-year Limited Warranty does not include the systems or its parts which become defective through faulty operation, maintenance or alteration by the Purchaser or its agents, or by damaged caused by a power failure or inadequate line voltage.
- (e) The Air Conditioning System, in original finished room areas, has been installed in accordance with good air conditioning practices to maintain an average 78 degrees Fahrenheit temperature inside with a 95 degrees Fahrenheit outside at 24 hours continuous operation. This two-year Limited Warranty does not include the systems or its parts which become defective through faulty operation, maintenance or alteration by the Purchaser or its agents, or by damaged caused by a power failure or inadequate line voltage.
- (f) The Electrical System, excluding light bulbs, against defective workmanship and materials for the Warranty Period of One Year except for improper operation, use, or alteration caused by the Purchaser or his agents.
- (g) The basement against infiltration of free water due to penetration though walls or floor for the Warranty Period of One Year. This Limited Warranty does not cover condensation, backing up of sewers, flash floods, hurricanes, leaks through window wells, or welled exits which are not properly maintained. Where wet basement conditions covered by this Limited Warranty result from ineffective facilities for the disposal of surface or storm drainage water, the Builder is authorized to take such steps of corrective action may be considered desirable, including the installation of sump pumps. This Limited Warranty shall not apply if any person other than the Builder or his agents has made any openings or holes

of any kind in the basement walls or floors or has altered or disturbed the finished grade adjacent to the Dwelling, or elsewhere on the lot if the result is to change the drainage pattern of the ground adjacent to, or near, the Dwelling, nor shall it apply to dampness beyond the control of the Builder such as condensation. Failure to maintain any of the items above, including gutters and downspouts, property grade, areaways, window wells and other normal and customary maintenance items will cause moisture and water to infiltrate the home. Under such conditions, mold and mildew may proliferate. The Builder is relieved of all responsibility for mold and mildew after one year and whereby maintenance has not occurred.

- (H) That it assigns to the Purchaser, without recourse, the manufacturer warranties for all-mechanical, electrical and other equipment and appliances furnished with the Dwelling. Purchaser is solely responsible for pursuing its remedies under manufacturer warranties.
- (I) The front porch decking (pressure treated lumber, Trex, flagstone) to be free from defective workmanship and materials for the Warranty Period of One Year. This warranty shall include any excessive material cupping as well as paint bleed thru as determined after a one-year review by Douglas Construction Group, LLC. and Homeowner.

II. BUILDER WILL NOT BE RESPONSIBLE FOR:

- (A) Cracks or surface damage and discoloration in concrete porches, patios, foundations, walks and drives which can develop minor cracks and surface damage and discoloration due to expansion or contraction of concrete or the soil on which it is laid. There is no known method for eliminating this condition. Salt applied for de-icing and snow melting will damage and discolor concrete.
- (B) Mortar-cracks which can develop in bonding bricks together. This is a normal condition due to the shrinkage in either the mortar or the brick and this will not affect the structural strength of the Dwelling.
- (C) Changes of the grading of the ground by anyone other than the Builder or his employees, agents or subcontractors.
- (D) Cracks in Sheetrock, paneling, molding and wood which can appear during the normal drying out process of the Dwelling.
- (E) Minor cracking or loss of grouting between tiles or between tile and other material.
- (F) Minor openings of joints in resilient flooring, vinyl, rubber tile, etc.
- (G) Floor squeaks. Extensive research concludes that much has been accomplished in avoiding floor squeaks, but complete avoidance is almost impossible. Generally, these will appear and disappear with changes in humidity.

- (H) Variations, minor shrinkage or warpage in stained woods, wood cabinets, paneling, doors and trim. Separation of trim moldings from finished walls and shrinkage of caulking less than 1/4".
 - (I) Paint. Color fastness under conditions of exposure to extreme sun and weather conditions cannot be maintained, although wood surfaces will still have protection of paint. Paint cracks may occur that are not attributable to the paint or its application. Variations cannot be controlled. Touch-up paint may vary slightly from the original color and does not warrant repainting the entire surface.
 - (J) Chips, scratches or mars in tile, woodwork, walls, porcelain, bricks, mirrors, plumbing fixtures, minor scratches on Formica, glass, carpet stains or other patent defects not recognized at the time of the final walk-through prior to Settlement.
 - (K) Sodding, seeding, shrubs, trees and planting. These are to be inspected by the Purchaser prior to possession. Unless otherwise noted in writing at that time, these items for the purpose of this Limited Warranty are considered to be in good condition are not included in the Limited Warranty. Care and maintenance of these items becomes the responsibility of the Purchaser at the time of possession.
 - (L) Insect damage or infestation after Settlement.
 - (M) Defects in mechanical, electrical and other equipment and appliances which are covered by manufacturers' warranties.
 - (N) All other conditions which customarily are regarded as normal maintenance responsibilities or as acceptable construction variations.
 - (O) Loss or damage from accidental causes beyond the fault and control of Builder including, but not limited to the following: Fire, explosion, smoke, water escape, windstorm, hail, lightening, flood, and falling trees.
 - (P) Condensation on windows and doors. Condensation in basements.
 - (Q) Owner provided Items.
- III. A number of materials, both manmade and nature created, will have color, texture, grain, finish, size, density, etc. variations both within the material itself and when compared with samples. These variations are both inherent and unavoidable. These materials include, but are not limited to, ceramic and quarry tile, marble, brick, mortar, all wood products, stone, paint, stain, pre-cast materials, grout, plumbing and appliance finishes,

plaster, synthetic trim materials, laminates, cultured marble, interior hardware, resilient flooring, concrete, asphalt, etc. Purchaser understands and accepts inevitable variations.

- IV. The provisions of this Limited Warranty shall not apply if there is any money owed by the Purchaser to the Builder, including extras, unless such money is covered by an executed escrow agreement.
- V. This Limited Warranty gives you specific legal rights, and you may also have other rights under the laws of the State of Maryland or Montgomery County.
- VI. In order for the Purchaser to obtain performance under this Limited Warranty, notice of a defect must be filed, in writing, with the Builder. Such notice must be mailed by first class mail: return-receipt requested, to the Builder at the address stated on this Limited Warranty and must be received before the expiration of the Warranty Period. If a defect occurs in an item which is covered by the Limited Warranty, the Builder will repair, replace, or pay the reasonable cost of repairing or replacing the defective items. The Builders total liability, under this Limited Warranty is limited to the purchase price of the Dwelling. The choice among repair, replacement or payment is the Builders.

In the event the Builder repairs or replaces, or pays the cost of repairing or replacing, any defect covered by the Limited Warranty for which the Purchaser is covered by other insurance, said Purchaser shall, upon request by the Builder, assign the proceeds of said insurance to the Builder to the extent of the cost of the Builder of such repair or replacement.

- VII. **THERE ARE NO EXPRESS OR IMPLIED WARRANTIES OF ANY KIND GIVEN BY BUILDER IN CONNECTION WITH THE CONSTRUCTION OR SALE OF THE HOUSE AND RELATING TO THE QUALITY OR CONDITION OF ANY PART OF THE HOUSE, OF THE LOT, OR OF ANY EQUIPMENT, FIXTURE, APPLIANCE OR OTHER PROPERTY SUPPLIED WITH THE HOUSE EXCEPT AS PROVIDED HEREIN. ALL OTHER EXPRESS OR IMPLIED WARRANTIES PERTAINING TO THE DWELLING, ITS MATERIALS, EQUIPMENT, FIXTURES OR APPLIANCES ARE SPECIFICALLY DISCLAIMED AND EXCLUDED BY THE BUILDER INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND FITNESS FOR HABITATION. IN NO EVENT SHALL BUILDER BE RESPONSIBLE TO PURCHASER FOR INCIDENTAL, INDIRECT, CONSEQUENTIAL OR DELAY DAMAGES OF ANY KIND ARISING OUT OF OR RELATING TO THE BUILDERS ALLEGED FAILURE TO COMPLY WITH THE TERMS OF THIS LIMITED WARRANTY OR ANY OTHER WARRANTY WHETHER OR NOT EXCLUDED HEREIN. NO OFFICER, EMPLOYEE OR AGENT OF BUILDER IS AUTHORIZED TO GRANT ANY OTHER EXPRESS WARRANTY OR MODIFY THE PROVISIONS OF THIS LIMITED WARRANTY AT ANY TIME.**
