STATE OF MARYLAND REAL ESTATE COMMISSION

Understanding Whom Real Estate Agents Represent

THIS NOTICE IS NOT A CONTRACT

In this form "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease"

Agents Who Represent the Seller

Seller's Agent: A seller's agent works for the real estate company that lists and markets the property for the sellers and exclusively represents the sellers. A Seller's agent may assist the buyer in purchasing the property, but his or her duty of loyalty is only to the sellers.

Subagent: A Subagent means a licensed real estate broker, licensed associate real estate broker, or licensed real estate salesperson who is not affiliated with or acting as the listing real estate broker for a property, is not a buyer's agent, has an agency relationship with the seller, and assists a prospective buyer in the acquisition of real estate for sale in a non-agency capacity. The subagent works for a real estate company different from the company for which the seller's agent works. The subagent can assist a buyer in purchasing a property, but his or her duty of loyalty is only to the seller.

If you are viewing a property and you have not signed a Brokerage Agreement, that agent represents the seller

Agents Who Represent the Buyer

Buyer's Agent: A buyer may enter into a written contract with a real estate broker which provides that the broker will represent the buyer in locating a property to buy. The agent from that broker's company is then known as the buyer's agent. The buyer's agent assists the buyer in evaluating properties and preparing offers and developing negotiation strategies and works in the best interest of the buyer. The agent's fee is paid according to the written agreement between the broker and the buyer. If you as a buyer wish to have an agent represent you, you must enter into a written buyer agency agreement.

Dual Agents

The possibility of **dual agency** arises when the buyer's agent and the seller's agent both work for the same real estate company, and the buyer is interested in property listed by that company. The real estate broker or the broker's designee, is called the "dual agent." Dual agents do not act exclusively in the interests of either the seller or buyer, and therefore cannot give undivided loyalty to either party. There may be a conflict of interest because the interests of the seller and buyer may be different or adverse.

If both seller and buyer agree to dual agency by signing a Consent For Dual Agency form, the "dual agent" (the broker or the broker's designee) shall assign one agent to represent the seller (the seller's "intra-company agent") and another agent to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategies.

If either party does not agree to dual agency, the real estate company must withdraw the brokerage agreement for that particular property with either the buyer or seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by an agent from another real estate broker/company. If the brokerage agreement is terminated, the buyer may choose to enter into a written buyer brokerage agreement with a different broker/company. Alternatively, the buyer may choose not to be represented but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company.

No matter what type of agent you choose to work with, you have the following rights and responsibilities in selling or buying property:

>Real estate agents are obligated by law to treat all parties to a real estate transaction honestly and fairly. They must exercise reasonable care and diligence and maintain the confidentiality of clients. They must not discriminate in the offering of properties; they must promptly present each written offer or counteroffer to the other party; and they must answer questions truthfully.

>Real estate agents must disclose all material facts that they know or should know relating to a property. An agent's duty to maintain confidentiality does not apply to the disclosure of material facts about a property.

>All agreements with real estate brokers and agents must be in writing and explain the duties and obligations of both the broker and the agent. The agreement must explain how the broker and agent will be paid and any fee-sharing agreements with other brokers.

>You have the responsibility to protect your own interests. You should carefully read all agreements to make sure they accurately reflect your understanding. A real estate licensee is qualified to advise you on real estate matters only. If you need legal or tax advice, it is your responsibility to consult a licensed attorney or accountant.

Any complaints about a real estate licensee may be filed with the Real Estate Commission at 500 North Calvert Street, Baltimore, MD 21202. (410) 230-6205

STATE OF MARYLAND REAL ESTATE COMMISSION

Consent for Dual Agency

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

Important Considerations Before Making a Decision About Dual Agency

A broker or broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the <u>buyer</u> has previously signed Consent for Dual Agency, the buyer must **affirm** the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the <u>seller</u> has previously signed Consent for Dual Agency, the seller must **affirm** the seller's consent for the seller buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

- 1. **Consent in writing to dual agency**. If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
- 2. **Refuse to consent to dual agency. If either party refuses to consent in writing to dual agency**, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller terminates the brokerage agreement, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer terminates the brokerage agreement, the simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written buyer agency agreement with a different broker/company.

Duties of a Dual Agent and Intra-Company Agent

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

- 1) Anything the client asks to be kept confidential; *
- 2) That the seller would accept a lower price or other terms;
- 3) That the buyer would accept a higher price or other terms;
- 4) The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or
- 5) Anything that relates to the negotiating strategy of a party.

* Dual agents and intra-company agents must disclose material facts about a property to all parties.

How Dual Agents Are Paid

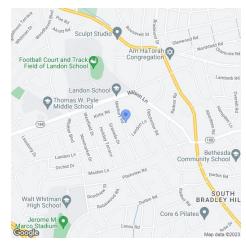

Only the broker receives compensation on the sale of a property listed by that broker.

If a financial bonus is offered to an agent who sells property that is listed with his/her broker, this fact must be disclosed in writing to both the buyer and seller.

Consent for Dual Agency

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency and that if I **refuse** to consent, there will not be a dual agency; and that I may withdraw the consent at any time upon notice to the dual agent. I hereby **consent** to have

6	IMPORTANT NOTE TO USERS: Start entering numbers in the first shaded box below	
7	(the phase-in value). Enter numbers in shaded area only. The spreadsheet will do the ca	lculations.
8		
9	PIV = phase in value	
10	SDAT = State (Maryland) Department of Assessments and Taxation	
11		
12		
13	Assume new owner buys home in FY2023.	
14	How much would the bill be in FY2024 for taxes and non-tax charges?	
15	Assume FY23 tax rates, FY23 amounts for other charges, and no credits.	
16		
17	THE FY2024 BILL FOR TAXES AND NON-TAX CHARGES IS ESTIMATED AS FO	DLLOWS:
18	FY2024 phase-in value if available, otherwise use the FY2023 PIV, from SDAT	3,199,000
19	If you use the FY2023 PIV, you must update this calculation in January 2024, as so	on as SDAT
20	specifies the FY2024 PIV.	
21		
22	FY2023 tax rates, from County tax bill:	
23	State property tax rate	0.112
	County property tax rate	1.040
25	Municipal tax rate, if any	
26	Total tax rate	1.152
27		
28	FY2024 total tax = PIV times Total tax rate divided by 100	36,859
29	Plus non-tax charges if any, from FY2023 tax bill:	
	Solid waste	577
	Bay Restoration Fund	
	Water Quality Protection Fund	120
	WSSC Connection Fee	700
34	WSSC Front Foot Benefit	
	Rockville Refuse Charge	
	Other - Rockville Storm Water Mgmt Fee	
37	FY2024 estimated bill for taxes and non-tax charges	38,255
38		
39	You must update this calculation every July 1, because the tax rates and PIV may c	hange,
40	and probably will.

DOUGLAS CONSTRUCTION GROUP, LLC CONSTRUCTION WARRANTY

8429 Fox Run, Potomac, MD 20854 Telephone: 301-983-6947 Fax: 301-983-5554

Sample – original to be provided at settlement

Issued to (Buyer), of lot 34 Block H, in the subdivision known as Pineview, improved by premises known as:

7609 Marbury Road, Bethesda, MD 20817

This is to certify that Douglas Construction Group, LLC, 8429 Fox Run, Potomac, MD 20854 "Builder" does hereby issue this Limited Warranty in connection with the construction of the house "Dwelling" on the above mentioned property and the same is accepted by the Buyer, subject to the conditions herein set forth, this Limited Warranty being in addition to any other rights and privileges which the Buyer may have under the warranties of the various manufacturers, equipment suppliers and subcontractors who have performed services in construction of the Dwelling and any rights under the Montgomery County New Home Warranty Law.

I. BUILDER HEREBY WARRANTS:

- a. That it will correct any major defects which significantly affect the load-bearing functions of the Dwelling due to faulty construction and/or defective materials, excluding normal wear and tear, brought to its attention in writing during the period "Warranty Period" of five (5) years from the date of possession or transferor record title, whichever occurs first except as otherwise stated herein. It does not assume responsibility for any secondary damage (damage done to personal property or any other material or construction not originally installed by the Builder) caused by the defect and nothing herein contained shall be determined to make the Builder an insurer of the personal property of the Buyer. No action taken, or omission of the Builder to correct defects shall act to extend the Warranty Period beyond the initial term of five (5) years. This certificate is applicable only to the matters warranted herein and only if notice of those defects is received by the Builder in writing before the end of the Warranty Period. This warranty is issued to the original Buyer only and is not transferrable without the written consent of the Builder.
- b. That Roof and roof flashing are to be free from leaks for the Warranty Period of One (1) Year and will so maintain the roof except where such defects are caused by acts or circumstances beyond its control. This Limited Warranty is void in the event of the buyer or his agents utilize the roof for any activity or attach superstructure or appliances thereto.
- c. The Plumbing System is to be in proper working order and free from defective workmanship and materials for the Warranty Period of Two (2) Years. Failures

caused by negligence of the Buyer or his agents to keep foreign materials out of the systems are excluded from this Limited Warranty. Failure of the Buyer to maintain or drain sillcocks or cut off valves which causes damage to the plumbing system are not the responsibility of the Builder and are excluded from this Limited Warranty. Where applicable, well and septic systems are not included as part of this Limited Warranty, except for the defects in construction and installation of these systems, where Builder has built and installed them. Builder is relieved from all liability from any damage caused by acts of God (e.g., change in water tables).

- d. The Heating System, in original finished room areas, has been installed in accordance with good heating practices and has been designed in accordance with standard heat-loss factors to maintain an average 70 degrees Fahrenheit temperature inside with an equivalent wind chill temperature of 0 degrees Fahrenheit outside. This two (2) year Limited Warranty does not include the systems or its parts which become defective through faulty operation, maintenance or alteration by the Buyer or its agents, or by damages caused by a power failure or inadequate line voltage.
- e. The Air Conditioning System, in original finished room areas, has been installed in accordance with good air conditioning practices to maintain an average 78 degrees Fahrenheit temperature inside with a 95-degree Fahrenheit outside at 24 hours continuous operation. This two (2) year Limited Warranty does not include the systems or its parts which become defective through faulty operation, maintenance or alteration by the Buyer or its agents, or by damages caused by a power failure or inadequate line voltage.
- f. The Electrical System, excluding light bulbs, against defective workmanship and materials for the Warranty Period of One (1) Year except for improper operation, use, or alteration caused by the Buyer or his agents.
- The basement against infiltration of free water due to penetration though walls or g. floor for the Warranty Period of One (1) Year. This Limited Warranty does not cover condensation, backing up of sewers, flash floods, hurricanes, leaks through window wells, or welled exits which are not properly maintained. Where wet basement conditions covered by this Limited Warranty result from ineffective facilities for the disposal of surface or storm drainage water, the Builder is authorized to take such steps of corrective action may be considered desirable, including the installation of sump pumps. This Limited Warranty shall not apply if any person other than the Builder or his agents has made any openings or holes of any kind in the basement walls or floors, or has altered or disturbed the finished grade adjacent to the Dwelling, or elsewhere on the lot if the result is to change the drainage pattern of the ground adjacent to, or near, the Dwelling, nor shall it apply to dampness beyond the control of the Builder such as condensation. Failure to maintain any of the items above, including gutters and downspouts, property grade, areaways, window wells and other normal and customary maintenance items, will cause moisture and water to infiltrate the home. Under such conditions, mold and mildew may proliferate. The Builder is relieved of all responsibility for mold and

mildew after one year and whereby maintenance has not occurred.

h. The front porch decking (pressure treated lumber, Trex, flagstone) to be free from defective workmanship and materials for the Warranty Period of One Year. This warranty shall include any excessive material cupping as well as paint bleed thru as determined after a one (1) year review by Douglas Construction Group, LLC. and Homeowner.

That it assigns to the Buyer, without recourse, the manufacturer warranties for all-mechanical, electrical and other equipment and appliances furnished with the Dwelling. Buyer is solely responsible for pursuing its remedies under manufacturer warranties.

II. BUILDER WILL NOT BE RESPONSIBLE FOR:

- a. Cracks or surface damage and discoloration in concrete porches, patios, foundations, walks and drives which can develop minor cracks and surface damage and discoloration due to expansion or contraction of concrete or the soil on which it is laid. There is no known method for eliminating this condition. Salt applied for de-icing and snow melting will damage and discolor concrete.
- b. Mortar-cracks which can develop in bonding bricks together. This is a normal condition due to the shrinkage in either the mortar or the brick and this will not affect the structural strength of the Dwelling.
- c. Changes of the grading of the ground by anyone other than the Builder or his employees, agents or subcontractors.
- d. Cracks in Sheetrock, paneling, molding and wood which can appear during the normal drying out process of the Dwelling.
- e. Minor cracking or loss of grouting between tile or between tile and other material.
- f. Minor openings of joints in resilient flooring, vinyl, rubber tile, etc.
- g. Floor squeaks. Extensive research concludes that much has been accomplished in avoiding floor squeaks, but complete avoidance is almost impossible. Generally these will appear and disappear with changes in humidity.
- h. Variations, minor shrinkage or warpage in stained woods, wood cabinets, paneling, doors and trim. Separation of trim moldings from finished walls and shrinkage of caulking less than 1/4".
- i. Paint. Color fastness under conditions of exposure to extreme sun and weather conditions cannot be maintained, although wood surfaces will still have protection of paint. Paint cracks may occur that are not attributable to the paint or its

application. Variations cannot be controlled. Touch-up paint may vary slightly from the original color and does not warrant repainting the entire surface.

- j. Chips, scratches or mars in tile, woodwork, walls, porcelain, bricks, mirrors, plumbing fixtures, minor scratches on Formica, glass, carpet stains or other patent defects not recognized at the time of the final walk-through prior to Settlement.
- k. Sodding, seeding, shrubs, trees and planting. These are to be inspected by the Buyer prior to possession. Unless otherwise noted in writing at that time, these items for the purpose of this Limited Warranty are considered to be in good condition are not included in the Limited Warranty. Care and maintenance of these items becomes the responsibility of the Buyer at the time of possession.
- 1. Insect damage or infestation after Settlement.
- m. Defects in mechanical, electrical and other equipment and appliances which are covered by manufacturers warranties.
- n. All other conditions which customarily are regarded as normal maintenance responsibilities or as acceptable construction variations.
- o. Loss or damage from accidental causes beyond the fault and control of Builder including, but not limited to the following: Fire, explosion, smoke, water escape, windstorm, hail, lightening, flood, and falling trees.
- p. Condensation on windows and doors. Condensation in basements.
- q. Owner provided Items.
- III. A number of materials, both manmade and nature created, will have color, texture, grain, finish, size, density, etc. variations both within the material itself and when compared with samples. These variations are both inherent and unavoidable. These materials include, but are not limited to, ceramic and quarry tile, marble, brick, mortar, all wood products, stone, paint, stain, pre-cast materials, grout, plumbing and appliance finishes, plaster, synthetic trim materials, laminates, cultured marble, interior hardware, resilient flooring, concrete, asphalt, etc. Buyer understands and accepts inevitable variations.
- IV. The provisions of this Limited Warranty shall not apply if there is any money owed by the Buyer to the Builder, including extras, unless such money is covered by an executed escrow agreement.
- V. This Limited Warranty gives you specific legal rights, and you may also have other rights under the laws of the State of Maryland or Montgomery County.
- VI. In order for the Buyer to obtain performance under this Limited Warranty, notice of a defect

must be filed, in writing, with the Builder. Such notice must be mailed by first class mail: return-receipt requested, to the Builder at the address stated on this Limited Warranty and must be received before the expiration of the Warranty Period.
